## Candidate for the CALIF.38<sup>th</sup> Assembly District

As an OFA 25<sup>th</sup> Congressional District Organizer, I have rallied, marched, tabled, phone banked, registered voters, brought delegations of supporters for health insurance reform to our representatives. I have spoke in press conferences in support of our values.

I have been published in several papers in support of our President and our Democratic platform (see in reference notes below).

As a Mother of six, Grandmother of three, a Son with cancer without insurance and in College, a victim of spousal abuse, a Son with special needs, and a single Mother for my first the children: I know personally how important the work we do is.

My passions stems from knowing the importance of a good education, especially for women with children; the importance of good health care for all; the importance of taking care of Mother Earth, so she can take care of us; the importance of acceptance and tolerance for all our children, including you and me.

The importance of working with our current Democratic Party and its head, our President Barack Obama, is to bring the changes we asked of him two years ago!

With reverence and respect, I ask for your vote to become your Delegate, to represent the California 38<sup>th</sup> Assembly District and to bring our community's voice forward! I ask in this way because I know it is every one of you volunteering, writing letters, bringing your voice forward that truly makes the difference! You are the change! That being said it is with that honor and passion I bring forward as your Delegate to the State Convention and beyond. Thank-you! **VOTE FOR SHERRYAN LIMA**
