*Did you know that in LA, the 15 members of the City Council hold all the legislative power, including forming, staffing, supplying and funding all the departments and offices of the city government?*

## March 3rd is Election Day for the LA 5th District Council Seat?

*The City Council deals like traffic congestion, DWP rates, pitching shovel-ready projects to garner Federal stimulus money for their districts and billboard blight. You may have heard of their recent ban on any new fast food restaurants in certain sections of the city where childhood obesity is at epidemic proportions, or their controversial decision to go forward with an elephant exhibit at the LA Zoo.*

*There are countless other areas in which the City Council makes decisions that directly affect our lives.*
