

Immigration Townhall Meeting: “Coming out of the shadows: What do we NOT KNOW about it?”

THURSDAY, February 25, 2010

Socializing/”Buy your Own” Dinner 6:30PM

Program begins at 7:00PM.

This is an invitation to ask you to come out to learn what Immigration Reform is.

We are a community of people seeking solutions to immigration problems which reflect our human values and what we are. We understand that this cannot be done in a contentious environment and without education. We are grappling with this issue so that we can *move forward*.

Learn: What contributions Immigrants provide to the community?

How deeply woven is the fabric of immigration in our county, California and the Nation? Meet a selected panel of experts hosted by the DAA with the SCV Dems, and the Democratic Neighbors of the 38 AD & sister clubs

Please bring your questions to address a panel of experts who deal with the issue on a daily basis. For questions and to RSVP (661) 295-9318 or email your concerns to:

minwilli@gmail.com. Pictures and video will be taken at this event.

BE THERE YOURSELF. You shouldn't depend on media and others to think for you.
