

On Saturday, March 23, 2013, Kaiser Permanente Hospital Foundation, Childrens' Hospital of Los Angeles, Hemophilia Foundation, Leukemia & Lymphoma Association, Organizing for America, Planned Parenthood, American Heart Association, American Lung Association, Red Cross (to name a few) are collaborating with Reseda Boulevard Church of Christ, **7806 Reseda Blvd.,**

**Reseda, CA 91335** to host a FREE community healthcare fair.

On this day, we will be providing essential information on such topics as "back-pack safety", ear infections, vaccinations, primary and preventative lifestyle care, and "Say NO to drugs" programs. We will celebrate health and wellness in the community by bringing together numerous wellness related displays and activities including free health screenings, eye exams, checking vital signs, lab tests, dentists, optometrists, chiropractors, information booths and more.

We will also have additional special hygiene and safety events for children, along with math bingo, book reading, arts, and crafts.

We are asking you to support this community event by coming, meeting the community, and acknowledging our community patient advocates.

Please join us in supporting this momentous day-long (8:00AM to 6:00PM) event!

Thank you for your dedication to the children and the community.

More information can be provided by contacting us:
