Will Meet

At

The Unurban Coffeehouse

3301 Pico Boulevard, Santa Monica 90405

**Just West of the Centinela Exit from the Ten Freeway,
Just two Exits West of the 405.**

Agenda:

A report on some of the highlights of the Health Freedom Expo in Long Beach last month.

Discussion of Dutch Sinse's report on the 7.2 Magnitude earthquake in Mexico on March 20, that was predicted in advance, and was apparently stimulated by some sort of testing involving drilling into the ground.

Discussion of Obama's latest Executive Order claiming the right to seize all food, water, fuel, and vehicles during Peacetime, if he says the military needs these supplies. What does this mean for food sovereignty?

Discussion of Benjamin Fulford's most recent reports about the secret acts of the Powers That Be.
