

Dear Supporter,

Next Tuesday, April 14, Mayor Villaraigosa will give the State of the City address and he wants you to be there!

We've set aside 100 seats for you - our volunteers and supporters - but you'll need to RSVP quickly to reserve your seat.

[Reserve your seat now!](#)

Your hard work and dedication has made it possible for the Mayor to continue the work of bringing people together to take on Los Angeles' toughest challenges.

Thank you.

With your help, we're making our neighborhoods safer, investing \$40 billion into the local economy and LA's mass transit system, reforming the City's lowest-performing schools and making our City more sustainable by cleaning up pollution at the port and quadrupling our reliance on green power.

But our work continues.

These are tough times here in Los Angeles and across the nation. People are working more and making less. Families are struggling. The weeks and months ahead will demand that we continue to work together to weather this storm.

RSVP today to attend the State of the City Address and continue our work of bringing Los Angeles together to get things done!

[Yes! I want to attend.](#) Thank you again, and we'll hope to see you there.
