

# Alternative Transportation Tuesday APRIL 22nd CA Community Service

This is a National Event taking place and it is significant because:

1. The voters in Pennsylvania will be holding their primary.
2. An annual event promoting environmental awareness-Earth Day.

To participate, you modify the way you travel so that we show our dependence on foreign oil is an addiction that can be overcome. This is more than giving a speech about the environment, security and our lives. To keep the message on relative issues, we must narrate the agenda leading up to the Pennsylvania Primary. We'll be addressing real problems with real solutions. \*

A great strength of the Obama campaign is a responsibility that rests on us. We're not electing Barack so that he can make things better for us. We're electing Senator Obama so that we can make things better for everyone. We commute to work, fly to our vacations, move for exercise. Mobility is the corner stone of the American dream.

Our movement shall make us stronger.

**Tuesday April 22<sup>nd</sup> at 2:50 A.M.**

**Host:** Mychael Donaldson, Lancaster CA

**Location:** American Roads & Highways

**Directions:** just Carpool, take public transportation, ride a bike, skate, walk to work, school and running errands or just for the exercise and the fun of it . . .

\*Unlike some folks who would rather throw us the kitchen sink to get attention &, oh yeah, votes.
