

Tejanos for a Better Future

Dear Friends and Supporters,

The William C. Velasquez Institute (WCVI) is currently working to promote climate change mitigation and adaptation from a Latino perspective as members of the House Energy and Commerce committee consider the American Clean Energy and Security Act of 2009 (ACESA). Our initial goal is to work with Congressmen Gonzalez (San Antonio) and Green (Houston) on bringing green jobs to Texas (and our community) as well as promoting effective policies to counter the effects of climate change.

As such, WCVI is looking for leaders to advocate for this issue in DC by meeting with their Representative. We have a limited number of travel scholarships available to constituents of Congressman Gonzalez or Green to travel to DC between May 14–May 22nd.

For more information or to reserve your travel scholarship, you may email Patricia Gonzales at pgonzales@wcv.org or call 210-922-3118 no later than Tuesday, May 12th.

Sincerely,

Antonio Gonzalez
President, WCVI
