Santa Clarita, CA 91355

Please call Sheryn Monheim at 661-362-3521 to reserve your seat

Please bring your Social Security Card and your Driver's License or ID Card

Program Summary : For qualified candidates this intensive job training program provides avenues of opportunity in the growing fields of biomedical device manufacturing and aerospace assembly. Leading companies in the greater Los Angeles region have a need for skilled, trained production assemblers to perform precision assembly of implantable medical devices. The program will teach participants important skills in quality, documentation, and record keeping in a regulated manufacturing environment. Additionally, participants will learn applied math operations in order to correctly assemble and test implantable medical devices. Participants will learn how to complete micro soldering tasks and assemble components under a microscope. Procedures for working in a clean room, as well as the necessary communication and problem solving skills needed in a modern manufacturing operation will also be included.

Audience: Candidates for entry level positions in bio-medical and aerospace assembly.

Requirements: English and Math Assessment at WorkKeys Level 3

Course Fees: \$3500 + \$140 material fee—**All course fees waived for qualified applicants.**

Community Job Survey: Entry Wage: \$9-11 /hr
One Year Wage: \$13-18/hr
