SCV CITY COUNCIL MEETING

6:00 p.m., City Hall Council Chambers,

23920 Valencia Blvd.

At the June 9 City Council Meeting, two very important issues will be on the agenda.

**First, the Rooming House Ordinance**

On May 5<sup>th</sup>, 2009 the Planning Commission adopted a resolution supporting community recommendations to eliminate rooming houses in single family residential neighborhoods. The next step is for City Council to vote on the Rooming House ordinance. **It is imperative to have the continued strong community support.** The simple act of attending the City Council meeting in support of this ordinance will send a clear and resounding message to our city leaders.

**Second is the MRF Site Selection Committee.**

Recommendations for committee membership put forth by the Trash Diversion Subcommittee will be presented to the City Council for approval. This is in sharp contrast to last time when the MRF site was selected without real public participation. We need to make sure that the recommendations provided and accepted include representation of community groups such as the CCAC.

**Take the time to attend and be a part of the solution.**

**"Together we can make a difference!"**
