

CCAC Members and Friends

WEDNESDAY, August 19, 2009, from 7PM to 9PM

This Month will be a meeting full of very valuable and important information.

Representatives of Santa Clarita Water Company Division of the Castaic Lake Water Agency will provide rationale for proposed 2010, 2011 and 2012 rate increases. Information about these rate increases were mailed to you with your July water bill. If you are not convinced, written protests need to be submitted in advance of the SCWD September 9, 2009 Public Hearing.

The Los Angeles Fire Department will be providing a presentation on their "Ready, Set, Go Program"

Kevin Tonoian will be providing information about "Annexations into, detachments from, creation of new zones, and dissolution of existing zones, and rate adjustments in Landscape Maintenance District Nos 1, A2 and T1". Boy is that a mouthful. So, if you received an LMD Ballot in the mail this is an opportunity to find out what is going on. Even if you have not received a ballot, this may have an effect on you in the near future. The Public Hearing for this item is scheduled for September 8 at City Hall.

Lisa Tipton will be proving information about the "Angel Dogs Foundation"

Some last minute information about the Stormwater ballot will be provided as well. This is an opportunity to learn more about this initiative and how it plays along with Proposition 218.

Lastly, we will discuss a proposal to form a Canyon Country Advisory Committee Steering Group. This group would be made up of CCAC members who would represent our interests in other organizations around the valley. In this way, we will be able to strengthen lines of communication and bring us greater visibility into important issues.

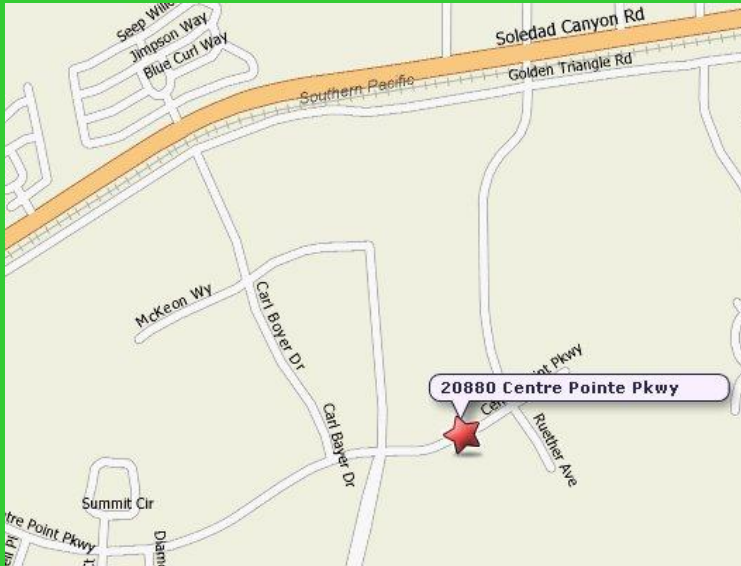

I look forward to seeing you there.

As always
"Together We Can Make A Difference"

Alan Ferdman
