

I REMEMBER. I SERVE.

9/11 National Day of Service and Remembrance

SERVE.GOV

"This year, for the first time, the United States will honor September 11 as a National Day of Service and Remembrance. Eight years ago, the tragic events of that Tuesday morning inspired Americans to come together in a remarkable spirit of unity and compassion. In that same spirit, we call on all Americans to join in service on September 11 and honor the heroes of that dark day."

President Barack Obama and First Lady Michelle Obama, in an open letter to the American people.
