

Canyon Country

Advisory Committee

## CCAC Members and Friends

*The next Canyon Country Advisory Committee meeting will be held WEDNESDAY, September 16, 2009, from 7PM to 9PM, in the Gorge A. Carvalho Activity Center Banquet Room, 20880 Centre Pointe Parkway, Santa Clarita*

This is the time that we should all take an extra moment to remember 9-11-01. It is a day that shocked and changed America. It should never be forgotten.

Included in this months meeting will be:

A city presentation will be provided on the currently planned Via Princessa extension.

Cruz Caldera City of Santa Clarita's Code Enforcement Team will be providing information on:

- 1) The Sign Ordinance and, how local businesses are affected. He will also take comments from the audience on suggested changes and improvements to the ordinance.
- 2) What is happening on the Extreme Neighborhood Makeover including a plan for Phase 1 (North Oaks) completion?
- 3) UDC changes that have been suggested or are in process as a result of the Extreme Neighborhood Makeover

There will be a discussion about results of the Storm Water and LMD Assessment District Ballot, and SCWD Water Rate Increase. One thing that you can expect is to be paying more each year.

City Elections are coming in April of next year. Plans for another round of "Meet the Candidates" will be discussed along with issues that we feel are important for the CCAC to challenge or support.

Concerns have been raised about the City's Bus Service. Do you use Santa Clarita's public transportation? Do you have an opinion about the service, safety and/or convenience? This will be a time to let us know. Think about what you like as well as where you believe improvements can be made. We can then channel the information to the appropriate city staff without divulging the source.

As always, "Together We Can Make A Difference"

*Alan Ferdman*

Chair, Canyon Country Advisory Committee (661) 713-9344
