

**ARNOLD'S
LEGACY =**

TOTAL FAILURE

**JOIN US ON WEDNESDAY, SEPTEMBER 30th
AT 12:15 PM – EXPOSE THE REAL ARNOLD**

Now that Governor Schwarzenegger is approaching lame-duck status, he's touring the state trying to write his own script for a Hollywood ending to his legacy. But Arnold has failed California's children, failed our seniors and failed middle class families.

If you take off his makeup and look past the special effects you can see the real Arnold:

- **Arnold Schwarzenegger has taken more contributions from corporate special interests than any politician in California history, breaking his own campaign promises**
- **Arnold has rewarded his big corporate donors with some of the biggest corporate handouts and tax breaks in California history**
- **Arnold has balanced the budget on the backs of seniors, people with disabilities, school children and middle class families.**

GREEN MEANS \$\$\$\$ FOR ARNOLD. Don't be fooled by Arnold's latest act to turn himself green. The only green Arnold cares about is contributions from his corporate donors.
