Come meet 2008 Santa Clarita Valley City Council Candidate

MARIA GUTZEIT

Enjoy drinks and hors d'oeuvres under the oaks at a lovely Sand Canyon home. Start your week off right with some TGI-Monday fun and support the future of our City while you are at it. Maria Gutzeit has a definitive dream for the City of Santa Clarita, but there is much work to be done. As an environmental engineer and business owner, she knows what's required for environmentally friendly growth. She knows that we need to work together for a safe, healthy, and livable community.

A 20-year resident with 4 years in elected office and involvement in many community causes, she has the experience to lead our City. Your support is essential so we get the leadership we need on City Council.
