**83 Days to Primary Phonebanking CD28N (Organizing)
83 Days to the California Primaries on Feb 5, 2008.**

Help us make a difference "Obama-style" by getting together with us to phonebank.
And what the hell is phonebanking?

Well, at these phonebanking get-togethers we drink coffee, laugh, talk about our lives and with our cell phones and wireless laptops, reach out to other democrats and undecided's in our own neighborhood (no long distance phone calls) to plant an Obama seed about unity, and about a better tomorrow for our community and loved ones. And we also spread the word about other events in the area, and offer details about other volunteer opportunities. Why? Because unlike what you've heard,

your vote DOES makes a difference in the Primaries. Come join us from now until

Barack wins the primary. I look forward to seeing you there

every Tuesday and Thursday, from 6-8pm at Marie et Cie in Valley Village.
