Help line up local volunteers to be ready to call - next week or next month- to states and districts where we need to secure a vote. H.R.3590 Patient Protection and Affordable Care Act is in the Senate now - we need to rally our troops.

Hope you can make it - We always have a nice bunch of people.

Local phone lists, and script to guide calls provided.

Bring your fully loaded cell phone and your "Yes We Can" Spirit.
