Frequently Asked Questions

•Where do we stay in Nevada?

Volunteers have two housing options in Nevada: *supporter housing* and *discounted hotel rates*. *Supporter housing* allows you to stay at a local Barack Obama supporter's home. There are no guarantees of luxurious accommodations, but you will have a place to sleep at night! If you choose this option, please bring a sleeping bag and pillow.

Note: Because you will be staying in somebody's home, please be prepared to treat the supporter's home respectfully (e.g. be mindful of when you are coming and going, noise, etc.)

Alternatively, *discounted hotel rates* are available for Trip 1 at the Extended Stay America on E. Flamingo Street. The nightly rate is \$80 per room (rooms can hold up to 6 people). Make sure to mention that you are with the Barack Obama campaign. Space is extremely limited, so call 702-731-3111 to reserve your room today!

COME TO NEVADA AND VOLUNTEER FOR BARACK

- **What will we be doing in Nevada?**

Volunteers spend their trips becoming immersed in the campaign's fast-paced and exciting field program—primarily through participating in traditional canvassing and phone-banking activities. Volunteers are paired with local Nevada activists, and are sure to make a few new friends while making a meaningful contribution to the campaign! Additionally, the trips serve as a valuable opportunity for new and veteran activists alike to develop and refresh fundamental campaign skills.

- **How do we get to Nevada?**

Volunteers are asked to arrange their own transportation (e.g., carpools!). For each of these trips you will be traveling with fellow volunteers from your area, so arranging a carpool should be pretty easy. Please contact your CD Team Coordinator for questions concerning carpool times and/or locations in your area.

- **Why Nevada?**

Nevada's status as one of the country's four early primary states makes it unusually significant in determining the presidential nominee. Nevada's significance is further heightened because it is a caucus state (and because caucuses have lower turnout levels). Therefore, each Barack Obama supporter we can identify is **huge!** Your presence in Nevada is one of the easiest and most immediate ways to make an impact in the primary election.
