

Attention!

Artists, Scientists, Engineers, Dramatic Artists, Musicians, Mathematicians, and Literacy Coaches:

The Boys and Girls Clubs of the Antelope Valley has volunteer opportunities in Fine Arts, Drama, Dance, Music, Math, Reading, Science, Technology, and much more.

The Boys and Girls Clubs of the Antelope Valley is growing and have recently won additional contracts with a few new schools in the Antelope Valley. I have worked one of the middle school sites this past week and have met several very talented "artists in process". They will benefit from the skills and experience of seasoned artists. Other teens have expressed interest in music, science, and technology.

The Boys and Girls Clubs of the Antelope Valley need volunteers from the above fields of interest to host workshops once per week at various sites within the Antelope Valley. These sites include elementary and middle schools with anywhere from 45 to 100 kids per site. The schedule is flexible. The kids meet daily between the hours of 1:30 and 6:00PM, depending on the location.

Please share your talents with Antelope Valley children and teens by becoming a volunteer. Please click the link to obtain an application.

Jerri Ogden is the Antelope Valley Units Supervisor if you would like a contact at the AV Boys and Girls Club. The number is 951-1400.
