POSITION DESCRIPTION: Product Process Associate

Details: Basic Qualifications: • 3 months of retail or related experience • This isn't a desk job! Frequent heavy lifting/carrying up to 50 lbs, co-lifting/carrying up to 100lbs, & pushing/pulling up to 200lbs is required • Standing and moving up to 100% of the time • At least 18 years of age. "Keep things flowing as a Best Buy Product Process Associate! Trucks full of merchandise enter the docks and other trucks are loaded up and on their way out. The product needs to make to the sales floor and into the hands of our customers. None of this happens without you. In reality, Best Buy Product Process is a precise and highly orchestrated science, and it takes scores of talented professionals to ensure the smooth movement and merchandising of countless products daily. You will create a customer experience that builds a lasting impression and ensures Best Buy continues to be a brand of choice. To ensure your success, you will be supported with an intensive orientation and ongoing training program to help you achieve great results. You will have the opportunity to develop your communication skills, detail orientation and build on your natural talents and strengths in a high-energy, value-based environment. Key Responsibilities: • Ensure products are seamlessly received from delivery trucks and are continually stocked, replenished, and merchandised on the sales floor • Confirm the implementation of special projects are accurate and timely • Monitor merchandise entering and leaving the store entrances/exits • Provides carryout service and/or load merchandise in customer's vehicle • Maintain and monitor store in-stocks • Store Asset Protection / Loss Prevention.

POSITION DESCRIPTION: Sales Associate

Details: Basic Qualifications: • 6 months of retail sales or customer service experience • This isn't a desk job! Lifting up to 50 lbs., standing and moving up to 100% of the time • At least 16 years of age. Preferred Qualifications: • High School Diploma or Equivalent. "The most important part of providing exceptional customer service for the world's largest consumer electronics retailer is offering the very best experience to our customers! Our Sales Associates are the very face of Best Buy, and their performance has a huge impact on company performance and customer perceptions. That's why we choose our Sales Associates carefully. Our Sales Associates must possess a curiosity and eagerness to solve the customer's needs while at the same time develop and foster long-term, trusting relationships with our customers. To ensure your success, you will be supported with an intensive orientation and ongoing training program to help you achieve great results. You will have the opportunity to develop your communication skills, detail orientation and build on your natural talents and strengths in a high-energy, value-based environment. Key Responsibilities include: • Relationship selling products, services and solutions by getting to know customers and helping solve their unique end to end needs • Asking lifestyle questions to thoroughly understand customer needs, offers relevant services, solutions, and accessories so customer can make informed decision to complete their purchase • Utilize all relevant sales tools to drive profitable growth • Leverages on-line resources, tools, and peer knowledge to self train • Attends and participate in all required trainings and meetings • Understands and executes store shrink plan.

POSITION DESCRIPTION: Geek Squad Counter Intelligence Agent-Computer Tech

Details: Basic Qualifications: • Experience with DOS, Windows 9x/ME/2000/XP/Vista or Apple MacOS • Troubleshooting of Operating Systems and Internet connection issues • Knowledge of computer hardware diagnostic and troubleshooting • Software installations and upgrading • Can install / troubleshoot all computer-related devices (video, sound, modem, printer, scanner, camera, etcetera.) • Have the ability to research online and work through problems • At least 16 years of age. Preferred Qualifications: • Proof of Apple certifications (current or expired) or laptop repair training are a strong plus. • The ability to troubleshoot and resolve Windows XP/Vista and basic Apple OS X problems is preferred. • Apple hardware certifications are a strong plus. • Linux experience is a plus since it is required to perform many Data Rescue services. Lack of Linux and Mac experience will not disqualify candidates, training is provided.
