

New Farmers Market

A new farmers' market is opening in Culver City at 5660 Sepulveda Blvd (just a few blocks north of Westfield Mall/Fox Hills). I received a flier regarding an upcoming job fair to be held on May 14th and May 15th. Online applications are also being accepted...

They are hiring for the following types of positions:

- * Department Heads
- * Managers (Bakery, Deli, Meat, Vitamins)
- * Customer Service Manager
- * Bookkeeper
- * Cashiers
- * Stockers
- * Clerks
- * Baggers
- * ...and more

I had not heard of Sprouts Farmers Market before, but after reviewing the website (sprouts.com), I see they have stores in Arizona, Colorado and Texas.

I thought I would share this as you may know someone who has background and experience in grocery store management or a young person interested in any entry-level position.

Steph
