Company Overview

MV Transportation, Inc. is the largest privately held and domestically owned transportation management company in the United States. Since MV's founding, the company has grown significantly - not through major acquisition or mergers - but through hard work that makes a difference.

MV is dedicated to providing quality transportation to individuals who, without our service, may not be able to go to work, to the doctor, to their family's home, to the market, or to other basic life sustaining functions. The freedom offered through public transportation is one that is taken for granted too often.

The talented and committed individuals who comprise MV Transportation proudly provide this freedom every day. Thank you for visiting this site to learn more about our company, our people, and our purpose.
